a happy learner is a good learner

Our academic achievements have been judged by Ofsted to be Outstanding both in 2008 and 2011

Every child is encouraged to aspire to their highest dreams. As well as the academic excellence we achieve, we also ensure that children are given the chance to experience all sorts of activities.

Children enjoy lots of extra murals—such as:

- football
- netball
- rugby
- judo
- gardening
- handbells
- music
- art

The grounds of the school are a delight. The beautiful play equipment, outdoor theatre, an outdoor reflection area and a large field with beautiful views out towards Salisbury Plain give children the opportunity to explore, play and learn in idyllic surroundings.

Our curriculum is designed to be creative and engaging, with fun themes and topics which children (and their teachers) enjoy.

We have strong links with our community—parents, the Church, the people in the villages that we serve and communities further afield—such as our link school in India.
